Karen Zeeb

I am an exceptionally skilled creative professional seeking a full-time position integrating high quality cartographic design and GIS analysis.

PROFESSIONAL PROGRESSION

MagnaTerra Cartographic

Tacoma, WA • 2015-Present

Cartographic Specialist

On-call, contract-based Cartography Specialist using GIS analysis tools and Adobe Creative Suite to create custom mapping solutions. Responsibilities include: project and data management, database creation and maintenance, creating custom maps for print and web using GIS software (Arc Suite) and Adobe CS. Experienced data interpretation including LIDAR and remote sensing data sets. Highly proficient technical skills in ArcMap, ArcPro, ArcCatalog, Adobe Illustrator, Photoshop, and InDesign. Clients include: City of Portland, Pacific Gas & Electric, InfraTerra, Ports of Tacoma and Seattle.

The Northwest Seaport Alliance

Tacoma, WA • 2016-2018

Sr Graphics & Visual Programs Designer

Responsible for conceptualization and implementation of visual communication solutions and publication; specialized in creating informational maps using GIS/Adobe CS and information design (infographics). Created all marketing materials for print and web (brochures, ads, annual reports) as well as custom maps for large format printing. Created and maintained relationships with print vendors, and worked collaboratively within all departments at the Port of Tacoma for their graphics needs.

Fugro

Walnut Creek, CA • 2010

Sr Graphics & Cartography

Responsibilities include creation of all marketing materials, custom maps, ads for publication, and brand management.
